

INFINITY ARTIC

Product price:

€79.90 tax included

FACADE RGB MIROIR Infinity is an incredible chassis for Gamers, PC enthusiasts who are looking to build a high performance game system with an infinite possibility. Its sleek and elegant design immediately attracts attention especially with its mirror facade that offers an infinite RGB backlight.

CONFIGURATION EXTREME The inside of the chassis is well thought out to offer maximum flexibility when setting your system. It supports ATX, Micro-ATX and Mini-ITX motherboards, charts up to 315 mm and 165 mm air radiators or watercooling up to 240 mm max. There is also enough space with supports for up to 2 3.5 inches hard drives and 2 2.5 inches SSD drives.

OPTIMAL REFROIDMENT: In terms of cooling, the Infinity chassis is equipped with a 120 mm fan on the front and a 120 mm ARGB fan on the back, offering optimal air circulation for your system. There are also options to install additional fans for better cooling if necessary.

PERSONALIZATION The chassis is equipped with a customizable RGB backlight that adds a style touch to your config'. It allows you to choose from a variety of colors and predefined effects to create the perfect gaming atmosphere: over 60 modes. With its ARGB technology, the backlight can be synchronized with your motherboard to create even more impressive effects.

INFINITY DARK OR ARTIC EDITION? Available in black or white versions, the chassis is an excellent choice for the Gamers looking for an elegant look, exceptional performance and great flexibility for the configuration of their system. Infinity offers a large number of features for an excellent value for money. With its "unlimited" customization options, the chassis RGB backlight allows you to create a unique game system that really stands out.

Product features:

Main characteristics: Case format: Medium tower

Main characteristics: Number of PCI slots: 7

Main characteristics: Power supply format (PSU): ATX / EPS (not included)

Main characteristics: Motherboard format : ATX / Micro ATX / Mini ITX

Main characteristics: Max CPU fan height: 165 mm

Main characteristics: Max graphics card length : 315mm

Panel I/O: LED indicators

Panel I/O: RGB Control

Panel I/O: USB: 1 x USB 3.0 / 2 x USB 2.0

Panel I/O: HD Audio: 1 x 3.5 mm Jack Audio / 1 x 3.5 mm Jack Microphone

Panel I/O: On/Off

RGB Addressable: Control Hub Spirit of Gamer 60 RGB modes included (8 max fans)

RGB Addressable: Compatible: Asus Aura Sync, RGB Fusion Ready, MSI Mystic Light Sync, ASROCK Polychrome Sync,

RGB Controller: Compatible: Asus Aura Sync, RGB Fusion Ready, MSI Mystic Light Sync, ASROCK Polychrome Sync,

RGB Controller: Control Hub Spirit of Gamer 60 RGB modes included (8 max fans)

Bays: 3.5" HDD: 2

Bays: 5.25" reader: Not compatible

Bays: 2.5" SSD: 2 (32 if 3.5" HDD x 1)

Pre-installed fans (included): Facade: 1 X 120 mm

Pre-installed fans (included): Rear: 1 X 120 mm ARGB

Fan slots (not included): Facade: 2 x 120 mm or 2 x 140 mm

Fan slots (not included): Material: 2 x 120 mm or 2 x 140 mm

Fan slots (not included): PSU comparison: 2 x 120 mm

Supported radiators: Facade : 120 / 140 / 240 / 280 mm

Supported radiators: Material: 120 / 240 mm

Supported radiators: Rear: 120mm

Design: Materials : Acrylic / Steel / ABS (Plastic)

Design: Pulse filters

Design: Case dimensions (LxHxh): 46.1 x 21 x 38 cm

Design: Net weight: 5.3 Kg

Design: Cable management : 18 mm
