OPTIMA SERIES

Product price:

€34.90 tax included

The OPTIMA computer chassis offers exceptional versatility with its mATX and mITX format, suitable for a variety of configurations. It has four extension ports, allowing you to easily expand your system to meet your needs. In addition, with a maximum CPU height of 140 mm and a 250 mm VGA space, it can accommodate performance components without compromise.

For storage, the OPTIMA chassis offers two SSD 2.5" slots and two other HDD 3.5 pitches, guaranteeing sufficient space for your data and operating system. In terms of connectivity, you have a USB 3.0 port, a USB 2.0 port, and a Jack 3.5 mm (4 pins) plug for a complete audio experience.

In order to maintain optimal temperatures, the chassis is equipped with a location, in the back, for a fan of 80 mm. Moreover, its intelligent design positions the standard ATX power supply at the top for better air circulation and clean aesthetics.

100% Metal design: made of 0.6 mm thick SPCC steel, the OPTIMA chassis is both robust and lightweight, measuring 26 x 16.5 x 35.3 cm and weighing only 2.1 kg. This makes it an ideal choice for users looking for a compact and functional chassis for a High Tech desktop PC.

Product features:

Connect: USB 3.0 x 1
Connect: USB 2.0 x 1
Connect: Jack 3.5 mm windscreen (Audio and Micro) x 1
Food: ATX Standard power supply (not included) high position
