

HEADQUARTER 700

Discover the Headquarter 700 office: the ideal ally for optimal ergonomics and increased performance, whether for work or game!

A motorized height adjustment for a suitable comfort: The Headquarter 700 office features a motorized mechanism for quick and simple height adjustment, from 73 to 118 cm, with a speed of 1 cm per second. With an intuitive remote control, you can choose from four programmable predefined heights, ensuring perfect ergonomics for all users, whether standing or sitting.

A compact and efficient tray! The 120 x 60 cm, made of MDF with carbon coating, offers sufficient space to accommodate your essential setup. Despite its compact size, it can support up to 60 kg, perfect for your screens, keyboards, mice and other accessories.

Robustness and stability... The 1.2 mm thick metal structure and XL feet guarantee maximum stability. This solid construction allows you to work or play safely, without risk of tilting or instability.

Practical accessories for an organized space: To maintain a well-ordered workspace, the office is equipped with several accessories: a helmet holder, a cup holder to prevent accidental overturning, cable passes for orderly wire management, and an extension holder. The 220V power supply is included, facilitating the installation of the office.

Ergonomics and wellness, le ergonomics specialists recommend alternating sitting and standing positions to reduce back problems and increase concentration and productivity. The Headquarter 700 office promotes this healthy habit, allowing you to stay active and improve your overall well-being.
