

HEADQUARTER 900

Discover the Headquarter 900 office: a focus of ergonomics and technology for optimal performance, whether for play or work!

One motorized height adjustment for personalized comfort: The Headquarter 900 office incorporates a motorized mechanism allowing easy height adjustment, from 75 to 120 cm, with a speed of 1 cm per second. Whether standing or sitting, you can adjust the height according to your needs with an intuitive remote control offering four predefined programmable heights. This system is ideal for the whole family, offering perfect ergonomics and adaptable to all sizes.

One pxXL and robust: The 140 x 70 cm, in MDF with a carbon coating, ensures a spacious and comfortable working or playing space. With a thickness of 16 mm, this tray is designed to support up to 60 kg, easily hosting your complete setup: screens, keyboard, mouse, and even a laptop.

One solid and stable structure : The 1.2 mm thick metal structure and XL feet guarantee optimal stability. This robustness allows you to work or play safely, without risk of tipping.

RGB lighting integrity for a personalized atmosphere: The Headquarter 900 desk is equipped with an RGB backlight with 16 different modes, controllable via a sensory control. Whether you prefer a static color, dynamic effects, or a tempo mode that reacts to your music or the sounds of your game, RGB lighting allows you to customize your space according to your mood and preferences.

Practical accessories for a well-organized space: For a well-organized workspace, the office
