SPARK ARTIC

Spark! gamer chassis that pushes the boundaries. Spark is ready to conquer all the game arenas with its compatibility for ATX, mATX and ITX formats. Equipped with 7 extension ports, a USB Type-C port, two USB 3.0 ports and HD audio outlets, this chassis ensures complete connectivity for all your devices. The RGB button offers quick control allowing you to customize your setup.

Panoramic view at 270° for an epic show! Expose your gamer build with the 4 mm tempered glass side wall and facade. Spark offers a panoramic 270° view of your components. This transparent design turns your PC into a spectacular showcase, perfect to impress your opponents and highlight your high-end configuration.

Solid storage for ultimate performance: Spark provides generous storage space with two bays for 2.5" SSD and two for 3.5" HDD. Whether you're a game collector or a content creator, this chassis allows you to manage your data quickly and efficiently, providing increased performance and strategic advantage.

Ventilation and backlighting RGB for an intense play atmosphere. Dominating cooling with Spark's 6 included ARGB fans, offering up to 60 backlight modes for ultimate customization. There are still three locations available to obtain up to 9 fans in total, this chassis guarantees optimal air flow and striking backlight. In addition, it is fully compatible with ARGR systems such as ASUS Aura and other ARGB motherboard brands for perfect backlight synchronization.

Watercooling compatibility and extreme specifications: For demanding gamers, Spark supports AIO watercooling systems up to 360 mm at the top, 240 mm on the motherboard wall and

120 mm at the back. With dust filters, 3.3 cm cable management space and robust SPCC steel chassis 0.6mm, it ensures clean, durable and ready for the most intense performance. Spark is designed for gamers who refuse compromises and seek to achieve unparalleled performance.

Product features:

Main characteristics: Motherboard format: ATX / Micro ATX
Main characteristics: Max. CPU fan height : 181 mm
Main characteristics: Max. graphic card length. : 410 mm
Main characteristics: Case format: Medium tower
Main characteristics: Number of PCI slots: 7
Main characteristics: Power supply format (PSU): ATX / EPS (not included)
Panel I/O: On/Off
Panel I/O: LED indicators
Panel I/O: HD Audio: 1 x Jack 3.5 mm Audio /1 x Jack 3.5 mm Micro
Panel I/O: RGB or Reset controller
Panel I/O: USB: 1 x USB-Type C / 2 x USB 3.0
RGB Adressable: Compatible: Asus Aura Sync, RGB Fusion Ready, MSI Mystic Light Sync, ASROCK Polychrome Sync,
RGB Adressable: Control Hub Spirit of Gamer 60 RGB modes included (6 max fans)
Berries: SSD 2.5'': 2
Berries: HDD 3.5" : 2
Pre-installed fans (included): Power compartment: 2 fans 120mm ARGB
Pre-installed fans (included): Back: 1 Ventilator 120mm ARGB
Pre-installed fans (included): Number of fans included : 6

Pre-installed fans (included): On the C/M wall: 3 fans 120mm ARGB
Fan slots (not included): Maximum fan capacity: 9
Fan slots (not included): Top: 3 slots for 120mm or 2 x 140 mm fans
Fan slots (not included): Power compartment: 1 slot for 120mm fan
Design: Number of dust filters x2 (top: fan / under case: PSU compartment)
Design: Front + transparent side wall in glass 4 mm (Tempered Glass)
Design: C/M metal wall + mesh at fan level
Design: SPCC steel frame 0.6 mm
Design: Management cable : large space of 3.3 cm to store your cables
Design: System opening side panels : Screws
Design: Case dimensions (W x W x H): 45.3 x 23.5 x 45 cm
Design: Frame dimensions (W x W x H): 43 x 23.5 x 43 cm
Design: Weight: 7.2 Kg
Design: Screwdriver kit included
Watercooling supported: Back: 120 mm compatible
Watercooling supported: C/M wall: 240 mm max compatible
Watercooling supported: Top: 360 mm max compatible
