Discover total immersion with the Gamer XPERT H1700 headset, designed to offer you an unparalleled sound experience on: Nintendo Switch, PS4, PS3, XBOX SERIES X[™]S, XBOX ONE, PC & Mac. Thanks to its **three modes of connection - RF 2.4 GHz wireless, Bluetooth or wired via 3.5 mm jack audio cable** - you enjoy optimal flexibility and complete freedom of movement.

Dive into the action with a balanced stereo 2.0 sound that allows you to **profit from every detail, from crystal sharps to deep bass**. Adjust the volume or mute your microphone directly from the earpiece, ensuring complete control without interrupting your game session.

The detachable omnidirectional microphone ensures clear and accurate conversations with your team, while eliminating unwanted noises thanks to its **noise reduction technology**. When you do not use it, remove it easily for even more convenience.

Comfort and style meet with the **adjustable aluminium bow and tiltable headphones**, ensuring a perfect fit. The glossy design of headphones, combined with **a retro-lighting RGB groovebow breathing**, add a modern and dynamic touch to your gaming setup.

I mean, **fabric pads offer increased breathability**, reducing heat for extended comfort during your long game sessions. Lightweight and ergonomic, the XPERT H1700 helmet combines performance, comfort and aesthetics for a kidg at its highest level.
