

PRO M5 DARK WIRELESS

Triple mode: The PRO M5 is designed to deliver unlimited connectivity thanks to its three modes: 2.4 GHz wireless, Bluetooth, and USB wired. Enjoy total freedom with a running distance of 6 to 10 meters, for maximum flexibility depending on your gaming environment. With a rechargeable lithium battery of 600 mAh, the PRO M5 offers an impressive range of 90 hours without RGB backlight. Fast charging in just 3 hours allows you to return to the action without waiting.

Surgical accuracy: This game mouse allows you to adjust your precision to each situation with an adjustable resolution up to 8000 DPI and 6 customizable DPI ranges. Whether for quick movements or careful adjustments, the PRO M5 ensures surgical accuracy, reinforced by 10 G acceleration and 30 ips speed. In addition, the adjustable polling rate of up to 500 Hz ensures optimal responsiveness.

Retrolighting RGB: The PRO M5 is not just performing, it is also customizable to meet your aesthetic and gaming preferences. It is equipped with RGB backlight with 16.8 million colors and offers 7 dynamic RGB effects, as well as fixed color options and On/Off mode. These features allow gamers to create an immersive game atmosphere and reflect their personal style.

Design! Thought for right-handed people, PRO M5 offers an ergonomic and comfortable shape that minimizes fatigue during long play sessions. Its compact dimensions (12,5 x 8,4 x 4,6 cm) and its optimized weight of 146 g guarantee easy and fluid handling, thus providing a pleasant and controlled gaming experience. In addition, the 8 programmable buttons, combined with a complete macro editor via downloadable software, allow total customization of commands for a strategic advantage in play.

Product price:

€29.90 tax included

Programmable: the dedicated software of PRO M5, downloadable with only 5 MB disk space required, offers advanced settings options including customization of DPI on 6 ranges (800-8000 DPI), adjustment of the polling rate up to 500 Hz, and programming of buttons. Compatible with PCs equipped with USB port and running on Windows®, PRO M5 is the ideal choice for gamers looking for performance, accuracy and customization without compromise.
