

XPERT H1200 WIRELESS

Product price:

€59.90 tax included

Universal connectivity for consoles and PC: Enjoy a headset that adapts to your gaming style with its three connection modes: wireless RF 2.4 GHz, Bluetooth and wired through a 3.5 mm jack cable. Compatible with Nintendo Switch, PC and PlayStation, it ensures a smooth gaming experience, regardless of your platform.

Virtual 7.1 sound for totally immersive games: Immerse yourself in the action with virtual surround sound technology that enhances every sound detail. You will hear your opponents before you even see them, for a decisive lead in your games.

Comfort designed for the most demanding gamers: The adjustable aluminum headband and tilting ear cups adapt perfectly to your physique, for unparalleled comfort. The breathable fabric cushions reduce heat and increase the duration of your sessions without discomfort.

Precise communication for optimal coordination: Thanks to its detachable omnidirectional microphone with noise reduction, exchange with your teammates in complete clarity. Its flexibility and detachable design allow you to adjust or remove it according to your needs.

A gamer design with captivating RGB backlighting: Assert your style with a headset with glossy ear cups and a "rainbow breathing" RGB backlight. Combine elegance and performance to enrich your gaming experience, while controlling volume and microphone directly on the earpiece.
