Take control with the ELITE M60: Put all the odds on your side with the ELITE M60 mouse, designed for gamers looking for performance. Its high-precision optical sensor offers adjustable resolution up to 20,000 DPI, with 6 customizable levels to suit your gaming style.

Buttons designed for victory: With its 9 fully programmable buttons, you are always one step ahead. Activate RapidFire mode for ultra-fast shots, or switch to Sniper mode for absolute precision. Ideal for clutch and repeated headshots!

Custom settings for each game: Thanks to its intuitive software, you can create up to 2 complete profiles and adjust each parameter according to your preferences. Macros, button assignments, sensitivity, pointer speed... everything is in your hands.

Backlighting that reflects your style: Express your personality with the ELITE M60's 6 dynamic RGB lighting effects. Colors, intensity, speed of animations: you create the perfect atmosphere for your setup. The ELITE M60 is not only high-performing: it also catches everyone's eye.

Performance at the heart of the action: Equipped with responsive Huano switches, a 22 G acceleration and a 66 IPS tracking, the ELITE M60 responds to your every move. A dedicated button allows you to adjust the polling rate up to 1000 Hz. Its 1.75 m braided cable ensures comfort and fluidity, even during prolonged sessions.
