

QUICKFLEX 65W

Product price:

€19.90 tax included

Save time with every charge.

The QuickFlex 65W from Advance allows you to recover up to 50% of battery in just 30 minutes*, even on your most powerful devices. A high-end solution to accompany your fast-paced daily life, between work, travel and connected leisure.

Three ports, zero compromises.

With two USB-C Power Delivery 3.0 ports and one USB-A Quick Charge 3.0 port, this charger allows you to simultaneously power your laptop, smartphone and accessories. No more missing sockets or compromises: you always have the right solution at hand.

Advanced technology, compact format.

The QuickFlex 65W integrates gallium nitride (GaN) components, for maximum power in a minimal format. Lightweight (129 g) and ultra-compact (5.7 x 5.1 x 3.2 cm), it is designed to follow you everywhere, without ever slowing down.

Smart charging, maximum security.

Thanks to PPS technology, the charger automatically adjusts the power delivered to each connected device, for a fast, efficient and perfectly safe charge. And with its built-in protections against overloads, short-circuits or overvoltages, you can plug in with total peace of mind.

Universal compatibility for all your devices.

MacBook, Samsung, iPhone, Huawei, tablets, consoles... it recognizes them all. The QuickFlex 65W speaks all the languages of charging, and adapts to your personal and professional uses with disconcerting ease.
