

# SMARTERGO WIRELESS

**Ergonomics and comfort rethought with the Smartergo pack!** Give your hands and wrists the comfort they deserve with the Smartergo pack, composed of a vertical mouse and a wireless ergonomic keyboard. Designed to improve your posture and reduce muscle tension, this duo combines innovative design and practicality, ideal for prolonged use at work or at home.

**A mouse designed for your well-being:** The Smartergo vertical mouse revolutionizes your work experience. With its 57° angle, it promotes a natural hand position, reducing pressure on the wrist and muscle tension. Compact and precise, it has an adjustable resolution up to 1600 DPI, 6 functional buttons, and a responsive wheel for optimal control. Its 2.4 GHz wireless connection guarantees smooth and stable use up to 10 meters.

**An ergonomic keyboard, a true daily ally,** the Smartergo wireless keyboard combines intelligent design and exceptional comfort. Its extra-wide wrist rest and two-part design promote a natural posture, limiting wrist flexion and supporting your forearms. With 102 AZERTY membrane keys including 3 dedicated keys, and 12 multimedia shortcuts, it combines efficiency and simplicity to make your work sessions more enjoyable.

**Simplicity and practicality at the service of your productivity:** The Smartergo pack operates thanks to a single USB nano receiver, shared between the keyboard and the mouse, for a quick and uncluttered installation. Powered by AAA batteries (not included), these devices benefit from a power-saving mode for extended autonomy. Their 2.4 GHz wireless connection ensures complete freedom of movement and an uninterrupted user experience.

**Universal compatibility for a limitless experience,** designed to adapt to all your needs, the Smartergo pack is compatible with Windows® and only requires an available USB port. Totally plug-and-play, it installs in an instant without additional configuration. Whether at the office or
