Discover a new way of working with Vertical FX, a wireless vertical mouse designed for your daily comfort. Its 57° ergonomic design promotes a natural forearm posture, reducing muscle tension and pain associated with long hours of work. Your hand remains relaxed, even after a full day in front of the screen.

Its built-in thumb rest ensures a stable and pleasant grip, for lasting comfort and better control. Each click is silent, smooth, and precise, thanks to its 7 optimized buttons for maximum productivity without noise disturbance. You work with complete focus, even in a shared environment.

Vertical FX adapts to all your devices thanks to its dual wireless connection mode: 2.4 GHz or Bluetooth. Connect up to two Bluetooth devices and switch with a click between your laptop, tablet, or workstation. A flexible solution that follows your pace and needs.

Easily adjust the resolution between 800 and 3200 DPI for smooth or fast navigation depending on your tasks. Its responsive metal wheel adds a premium feel to each interaction, enhancing precision and enjoyment of use. Optimize your comfort without compromising on efficiency.

Compact, lightweight, and rechargeable, Vertical FX accompanies you everywhere without weighing you down. Its integrated 300 mAh lithium battery provides hours of autonomy, while its power saving mode ensures to extend its lifespan. With Vertical FX, you combine well-being, style, and performance both at work and at home.
