

SMARTPHONICS 900

Absolute Comfort and Lightweight Design

: Designed for intensive use, the Smarphonics 900 combines durability with a lightweight feel (517.6 g including its station). Its leatherette supra-aural cushions and adjustable headband ensure a comfortable fit throughout your entire workday. For maximum responsiveness, volume controls are integrated directly onto the earcup, allowing you to stay fully focused on your tasks.

Premium Immersive Sound

: Thanks to its 40mm neodymium drivers, this headset delivers powerful and highly precise audio. Whether for crucial conference calls or multimedia relaxation, sound reproduction is optimally clear across a frequency range of 20 Hz to 20 kHz.

Clear Communication

: The omnidirectional microphone, mounted on a 17.5 cm flexible boom, features ENC (Environmental Noise Cancellation) technology to eliminate surrounding distractions. Its 270° rotating design allows it to be worn on either the right or left side, guaranteeing crystal-clear conversations in any environment.

Versatility and Ease of Use

: The Smarphonics 900 stands out with its weighted charging station featuring LED indicators, providing elegant storage and simplified charging. Its 3-in-1 connectivity ensures total versatility: Wireless Bluetooth (10m range) for mobile devices and PCs. Wireless 2.4 GHz via USB-A and USB-C dongles for a lag-free connection. Wired mode via the included 1.20m USB-A cable. The lithium battery offers up to 20 hours of battery life, with a full recharge in just 2 hours on its base.

Personalized and Intuitive Control

: Fully compatible with Windows®, macOS®, and leading applications such as Teams, Zoom, and Discord, this headset is the ideal ally for the office, remote work, or training. Choose the Smarphonics 900 and benefit from a complete, high-performance professional communication tool that is always ready for use thanks to its dedicated charging station.
